

CERTIFICATE OF RECOGNITION

Presented to

Mr. Awais

In recognition of your responsible disclosure of a **high-severity security vulnerability**, which contributed to strengthening the security of a web application at the **Lahore University of Management Sciences (LUMS)**.

Vulnerability Identified

CWE-89: Improper Neutralization of Special Elements used in an SQL Command (SQL Injection Authentication Bypass)

The recipient responsibly reported an SQL Injection Authentication Bypass vulnerability affecting the Alumni Authentication Portal. The timely disclosure enabled LUMS to validate and remediate the issue, thereby enhancing the confidentiality, integrity, and security of the University's information systems.
